Overall Length:

48.000 inches

End Application:

Test, flight control panel; f-4 acft

Termination Type:

Connector internal straight 2nd end all conductors

Special Features:

P1 connector, d38999/46wj61pn; p2 connector, m83723/75w2041n

Precious Material And Location:

Contact surface of connectors gold

Precious Material:

Gold

Style Designator:

Internal connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
