End Application:

Hawkeye aircraft

Termination Type:

Lug terminal w/mounting hole both ends all conductors

Terminal Lug Aperture Size:

0.118 inches both ends all conductors

Terminal Lug Style:

Straight w/mounting hole both ends all conductors

Terminal Commercial And Government Entity Code:

96906 both ends all conductors

Special Features:

Recessed barrel; crimp style; copper alloy with plastic polyamide insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
