NSN 5995-01-526-5043

End Application:

Syststbnch

Product Name:

Electrical Special Purpose Cable Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5995-01-526-5043

Conformable interconnect cable assembly
Special Features:
Cable length: 20 inches. Copper tinned composite jacket for hand formability. Solid ptfe dielectric. Tight bending radius of .125 inches. Sma
straight male antitorque and right angle male connectors086 inches, out diameter. Interconnect assembly for signal routing.
Material:
Tin core shield braid, metallic third conductor
Precious Material And Location:
Center conductor silver
Precious Material:
Silver
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A077a0
