End Application:

Surveillance & broadcast services monitor (sbsm)

Conductor Quantity:

2

Accessory Wire Type And Quantity:

1 ground

Strand Quantity Per Conductor:

4 all conductors

Conductor Form:

Stranded all conductors

Product Name:

Gigabase 350 cat5e patch cable with snagless boots

Special Features:

Frequency 350.0 megahertz; impedance in ohms 115.0; length in meters 3.0

Material:

Plastic core conductor cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
