Radio Frequency Cable Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5995-01-535-3640

Termination Type:
Connector plug both ends all conductors
Criticality Code Justification:
Feat
Product Name:
Cable assembly, rf interfacility link
Terminal Manufacturer Identifying Reference Number:
A3193215-001 both ends all conductors
Terminal Commercial And Government Entity Code:
80063 both ends all conductors
Special Features:
Drawing states hardness critical; cable - p/n a3193214-001 (80063); markings - a: w2453p1 (8a20j35), b: w2453 80063
assemblya3273515-16, c: w2453p2 (hta-a2j10) (mta-1a10j10cp2)
Style Designator:
Internal connectors
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
