Product Name:

7/8 inch superflexible cables

Special Features:

Q50 ohms impedance; 4.9ghz frequency; 88 per cent vop; 90kw peak power; 6000 dc breakdown voltage; copper outer conductor; copper tube inner conductor; 225 pounds tensile strength; 80 pounds flate plate crush strength

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
