Overall Length:

7.000 feet

End Application:

Tsms central processor control station

Termination Type:

Connector plug both ends all conductors

Conductor Quantity:

4

Strand Quantity Per Conductor:

2 all conductors

Conductor Form:

Stranded all conductors

Color:

Blue core cover all conductors

Material:

Plastic polyvinyl chloride core jacket all conductors

Style Designator:

External connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
