Overall Length:

75.000 inches

End Application:

Next generation radar (nexrad)

Conductor Quantity:

2

Product Name:

Cable assembly, rf flexible coax

Conductor Cross-sectional Shape:

Tubular solid all conductors

Special Features:

Sma (m) to n-type (f) bulkhead; item contains 3 1.5x1.5 inch vinyl self-laminating labels

Style Designator:

Internal and external connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
