Overall Length:

5.000 feet

End Application:

2355-01-563-1031; ground sensor surveillance vehicle

Termination Type:

Connector both ends all conductors

Product Name:

Cable assembly, radio frequency

Terminal Commercial And Government Entity Code:

01365 both ends all conductors

Special Features:

Connector tnc, male, black plated, lusterless finish, color darkened black or green; vswr 1.4: 1, frequency range: 100-400mhz, insertion loss 1.7db max.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
