Overall Length:

60.0 feet

Electrical Resistance:

50.0 ohms impedance

Tempurature Rating:

200.0 degrees celsius

Outside Diameter:

0.195 inches 1st conductor

Product Name:

N male on rg142 to n male coaxial cable assembly

Strand Awg Size Per Conductor:

18 1st conductor

Material:

Silver 1st position shield foil cable

Precious Material And Location:

Shield, conductor silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
