End Application:

Airport surveillance radar 8 (asr8)

Special Features:

Cable assembly, pulse switching board; pulse switching assembly-terminal lug, solder type, transformer filament, one phase, frequency 47 to 63 hz, rms voltage nom 112v, min 102v, maximum 120v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
