End Application:

AN/T-SM-214-A;NS

Product Name:

25 foot calibration verification cable

Special Features:

Precision, known length and electrically characterized cable and certificate of calibration furnished with cable; requirements of navair 17-20ay-50

Special Test Features:

Selected and tested to meet calibration, see features

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
