Cross Sectional Shape:

Round

End Application:

Consol gse

Conductor Quantity:

1

Conductor Form:

Solid single conductor

Product Name:

Cable assembly

Material:

Copper alloy and silver 1st position coating single conductor

Surface Treatment:

Plastic fluorinated ethylene propylene 1st position jacket cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
