Cross Sectional Shape:

Round

End Application:

F-15sa

Special Features:

Cable type pur/pvc shielded, gray; conductor cross section 5x0.34mm; awg signal line 22; conductor structure signal line 42x0.10mm; core diameter including insulation 1.5mm+/-0.05mm; thickness, insulation > 0.23mm; wire colors brown, white, blue, black, gray; twist 5 wires around filler to the core; inner sheath thickness approx 0.25mm; outer sheath thickness 0.38mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
