Overall Length:

6.0 inches

End Application:

Mission and security products

Termination Type:

Connector all ends all conductors

Usage Design:

Power

Product Name:

Cable, power supply

Round Conductor Size:

16 awg all conductors

Special Features:

Cable end a is 20 pin atx standard conn (male); cable end b is 24 pin eps/atx power connecto (female socket)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
