Overall Length:

10.0 feet

Conductor Quantity:

6

Accessory Wire Type And Quantity:

6 messenger

Conductor Form:

Solid all conductors

Product Name:

(inavy) operator terminal

Special Features:

Description: communication cable g3/modular controller data station plus to bare wires; cblgen03-rs485

Style Designator:

Internal connector and stripped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
