Overall Length:

1.620 inches

Overall Height:

0.540 inches

Overall Width:

1.620 inches

Environmental Protection:

General purpose

Operating Temperature Range:

-20.0/+71.0 degrees celsius

Average Life Measurement:

Not rated

Basic Shape Style:

Rectangular or square

Identification Designator:

945009-1-82577

Inclosure Type:

Encased

Installation Design:

Module

Fsc Application Data:

Miscellaneous communication equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
