Overall Length:

2.770 inches

Overall Height:

0.447 inches

Overall Width:

1.450 inches

End Application:

An/tpn-19

Special Features:

Mounting method: connector; consists of printed wiring board, connector, resistor, capacitor, coil, transistor; component quantity: 28;

mounting configuration: plug-in mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
