Overall Length:

13.000 inches

Overall Height:

0.875 inches

Overall Width:

4.844 inches

End Application:

An/flr- (v)

Special Features:

Jmounting method: unthreaded holes; consists of printed wiring board, transformer, pad, diode, resistor, capacitor, coil; component quantity: 152; mounting configuration: eight 0.141 in. Dia. Mtg holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
