**Overall Length:**

13.000 inches

**Overall Height:**

0.875 inches

**Overall Width:**

4.844 inches

**End Application:**

An/flr- (v)

**Special Features:**

Jmounting method: unthreaded holes; consists of printed wiring board, transformer, pad, diode, resistor, capacitor, coil; component quantity: 152; mounting configuration: eight 0.141 in. Dia. Mtg holes irregularly spaced

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
