Overall Length:

4.680 inches

Overall Height:

2.180 inches

Overall Width:

4.100 inches

Mounting Configuration:

Strack mtd

Special Features:

Major components: connector, capacitor, diode, resistor, transformer; component quantity: 13; fsc application data: amplifier, automatic flight control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
