**Overall Length:**

4.680 inches

**Overall Height:**

2.180 inches

**Overall Width:**

4.100 inches

**Mounting Configuration:**

Strack mtd

**Special Features:**

Major components: connector, capacitor, diode, resistor, transformer; component quantity: 13; fsc application data: amplifier, automatic flight control system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
