Overall Length:

1.828 inches

Overall Height:

0.890 inches

Overall Width:

1.234 inches

Basic Shape Style:

Rectangular or square

Frequency Per Channel:

380.0 hertz operating channel

Average Power Rating Per Channel:

8.0 watts output

External Dc Operating Voltage In Volts:

27.5 single voltage

Fsc Application Data:

Airborne displacement gyroscope

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
