Overall Length:

5.125 inches

Overall Height:

0.375 inches

Overall Width:

3.375 inches

End Application:

Project code ' cxc '

Special Features:

Mounting method: wirelead; major components: capacitor, diode, printed wiring board, resistor, transformer, transistor; component quantity: 21

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511I0
