Overall Length:

6.465 inches

Overall Height:

1.125 inches

Overall Width:

5.875 inches

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Installation Design:

Mechanical

Circuit Construction Type:

Solid state

Fsc Application Data:

Indicator, display group, tactical data, communication, navigation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
