Overall Length:

8.438 inches

Overall Height:

0.700 inches

Overall Width:

4.000 inches

Mounting Configuration:

Plug-in mtd

Special Features:

Mounting method: connector; major components: printed wiring board, resistor, capacitor, coil, transistor, diode, integrated circuit, insulator, connector; component quantity: 326

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
