Overall Length:

2.700 inches

Overall Height:

0.625 inches

Overall Width:

1.835 inches

Mounting Configuration:

Three 0.375 in. Diameter mtg holes irregularly spaced

Special Features:

Mounting method: unthreaded holes; major components: printed wiring board, resistor, capacitor, transistor, converter; component quantity: 26

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
