Overall Length:

2.875 inches

Overall Height:

0.750 inches

Overall Width:

3.125 inches

Special Features:

21 components consisting of printed wiring board, capacitor, resistor, connector, voltage regulator, integrated circuit; plug-in connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
