Overall Length:

1.625 inches

Overall Height:

0.875 inches

Overall Width:

1.500 inches

Component Type And Quantity:

7 plate and 1 contact

Special Features:

Fmounting method: slides over shaft and retained by snap ring; mounting configuration: one 0.312 in. Diameter mtg hole located on one end; fsc application data: signal generator, except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511I0
