Overall Length:

6.010 inches

Overall Height:

0.500 inches

Overall Width:

5.510 inches

Special Features:

132 components consisting of printed wiring board, capacitor, diode, integrated circuit, resistor, transistor; plug-in connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
