**Overall Length:**

6.010 inches

**Overall Height:**

0.500 inches

**Overall Width:**

5.510 inches

**Special Features:**

132 components consisting of printed wiring board, capacitor, diode, integrated circuit, resistor, transistor; plug-in connector

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A5110
