Overall Length:

10.792 inches

Overall Height:

5.120 inches

Overall Width:

3.500 inches

End Application:

Electronic test equipment

Special Features:

M35.0 db to p10.0 db in eight overlapping ranges. 1.5 sec maximum response time

Functional Description:

Amplifier, power meter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
