Overall Length:

5.312 inches

Overall Height:

0.690 inches

Overall Width:

4.312 inches

Environmental Protection:

Electrically insulated

Basic Shape Style:

Rectangular or square

Inclosure Type:

Open

Installation Design:

Module

Circuit Construction Type:

Solid state

Connection Type And Location:

Printed circuit bottom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
