**Frequency Rating:**

400.0 hertz single component

**Inclosure Type:**

Fully enclosed

**Mounting Facility Quantity:**

4 single group

**Mounting Method:**

Unthreaded hole single group

**Winding Operating Voltage:**

2.00 dc pounds per hour wet single component 1st winding and 3.00 dc pounds per hour wet single component 1st winding

**Terminal Type And Quantity:**

10 solder stud

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
