**Basic Shape Style:**

Irregular

**Inclosure Type:**

Open

**Installation Design:**

Module

**Circuit Construction Type:**

Solid state

**Connection Type And Location:**

Printed circuit top and printed circuit bottom

**Fsc Application Data:**

Aircraft three axis control damper

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A32200
