Overall Length:

8.125 inches

Overall Height:

2.125 inches

Overall Width:

6.031 inches

Special Features:

Mtg method: connector and rack; maj comp: capacitor, chassis, connector, diode, heatsink, resistor, socket, transformer, transistor

Fsc Application Data:

Fire control systems antiaircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
