Overall Length:

8.500 inches

Overall Height:

5.500 inches

Overall Width:

6.688 inches

Basic Shape Style:

Rectangular or square

Identification Designator:

Am-2086/aps-88-80058

Installation Design:

Rack

Average Power Rating Per Channel:

Not rated

Impedance Rating Per Channel:

400.000 ohms output channel

External Dc Operating Voltage In Volts:

300.0 1st voltage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
