Overall Length:

3.750 inches

Overall Height:

1.062 inches

Overall Width:

1.625 inches

End Application:

Vacuum tube test set

Component Type And Quantity:

2 printed wiring board and 1 coil and 14 resistor and 2 capacitor and 2 support

Special Features:

Mounting method-bolt and bracket, two no. 6/0.138/in-32 thd holes spaced 3.375 in. C to c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
