

View Online at <https://aerobasegroup.com/nsn/5996-00-918-2004>

Fragility Factor:

Moderately rugged

Special Features:

Voltage rating 30 v dc; 0.5 v peak to peak maximum ripple; pwr consumption 1.5 watt max; input impedance 50 k ohms; loop gain 60 db min; input impedance 100 k ohms; loop gain 54 db min; input signals 0 to 10 v rms; freq 380 to 420 cps; amplifier gain 1.0 porm 0.001 over operating temp range; feedback neg 60 db; harmonic distortion 0.02 pct max; resonant rise -12 db max; output voltage 0 to 10 v rms; output impedance 300 ohms max; output noise 3 mv; phase shift plus 0.0 to plus 0.02 deg; operating temp range -54 degrees c to p71 degrees c; body dim: 1.8 in.Max o/a ht; 1.0 in.Max lg; 1.0 in.Max w; cognizant service: navy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
