**Overall Length:**

6.000 inches

**Overall Height:**

1.120 inches

**Overall Width:**

4.500 inches

**Special Features:**

Bmounting method: connector and rack; major components: capacitor, diode; jack, tap; lead, electrical; pad, mtg; printed wiring board; spacer, mtg; transformer; transistor; component quantity: 85

**Fsc Application Data:**

Underwater sound

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
