## NSN 5996-00-937-9652

Amplifier Subassembly - Page 1 of 1

A511I0

View Online at https://aerobasegroup.com/nsn/5996-00-937-9652

verall Length:
.560 inches
verall Height:
.693 inches
verall Width:
.500 inches
pecial Features:
lounting method: rack; major components: capacitor, diode, printed wiring, resistor, transistor; component quantity: 32
helf Life:
l/a
nit Of Measure:
emilitarization:
es - demil/mli
iig:
