**Overall Length:**

2.600 inches

**Overall Height:**

0.740 inches

**Overall Width:**

2.100 inches

**Special Features:**

Mounting method: connector and rack; major components: capacitor, pad, mtg, printed wiring board, resistor, transistor:  
componentquantity type 26

**Fsc Application Data:**

Underwater sound

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
