Overall Length:

2.600 inches

Overall Height:

0.740 inches

Overall Width:

2.100 inches

Special Features:

Mounting method: connector and rack; major components: capacitor, pad, mtg, printed wiring board, resistor, transistor:
componentquantity type 26

Fsc Application Data:

Underwater sound

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
