Overall Length:

3.500 inches

Overall Height:

0.125 inches

Overall Width:

3.625 inches

Component Type And Quantity:

9 capacitor and 1 coil and 6 semiconductor and 12 mounting pad and 15 resistor and 9 transistor

Special Features:

Mounting method: holes for screws; mounting configuration: three 0.125 in. Dia. Mtg holes on 3.125 mtg centers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
