Overall Length:

2.082 inches

Overall Height:

0.050 inches

Overall Width:

1.305 inches

Component Type And Quantity:

2 diode and 1 transformer and 2 transistor

Special Features:

Mounting method: spring tension; major components: capacitor, fixed 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
