End Application:

Mx-9795/fsq-9 (v)

Special Features:

Operates as a true linear amp, or non-linear (saturating) amp dependent on operating mode: mode selection used to supply intensity modulation signal to standard or fiber optic recording oscilloscopes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
