**End Application:**

Mx-9795/fsq-9 (v)

**Special Features:**

Operates as a true linear amp, or non-linear (saturating) amp dependent on operating mode: mode selection used to supply intensity modulation signal to standard or fiber optic recording oscilloscopes

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A32200
