Overall Length:

8.280 inches

Overall Height:

6.880 inches

Overall Width:

6.500 inches

End Application:

J4 compass system

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Installation Design:

Rack

Circuit Construction Type:

Solid state

Special Features:

50 approx sway

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
