Overall Length:

74.000 inches

Overall Height:

32.130 inches

Overall Width:

24.094 inches

Basic Shape Style:

Rectangular or square

Circuit Construction Type:

Solid state

Operating Ac Frequency In Hertz:

50.0 single voltage and 60.0 single voltage

External Ac Operating Voltage In Volts:

380.0 single voltage and 440.0 single voltage

Phase:

Three

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
