**Overall Length:**

74.000 inches

**Overall Height:**

32.130 inches

**Overall Width:**

24.094 inches

**Basic Shape Style:**

Rectangular or square

**Circuit Construction Type:**

Solid state

**Operating Ac Frequency In Hertz:**

50.0 single voltage and 60.0 single voltage

**External Ac Operating Voltage In Volts:**

380.0 single voltage and 440.0 single voltage

**Phase:**

Three

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A32200
